

DRAINAGE FIELD DAY

June 7 & 8, 2017

Davis Purdue Agricultural Center
6230 North State Road 1
Farmland, IN 47340

Drain tile installation will be the focus at the Field Day on June 7-8 at Davis Purdue Agricultural Center (DPAC) in Randolph County. Contractors and equipment will be there, and Purdue experts will discuss the results from 12 years of drainage water management research conducted at DPAC, including impact on crop yields and water quality.

HOSTED BY

Purdue Extension
Indiana Land Improvement Contractors

PLEASE NOTE

This free event is weather-dependent. Register to be included on the email list for event updates:
