

<b>Maximum Lengths of Corrugated Plastic Tubing</b>				
<b>Drain diameter</b>				
<b>Grade in percent</b>	<b>3 inch</b>	<b>4 inch</b>	<b>5 inch</b>	<b>6 inch</b>
0.05	470	1,000	1,800	2,800
0.1	660	1,400	2,600	4,000
0.2	830	1,900	3,600	5,500
0.3	1,000	2,300	4,300	6,600
0.5	1,400	3,000	5,800	8,800

Table above assumes a 3/8" drain coefficient and 100' spacing.

**Adjustment factor**

**Multiply length by:**

<b>If drain coefficient is:</b>	1/4"	1.5
	3/8"	1
	1/2"	0.75
	3/4"	0.5
	1"	0.38

<b>If drain spacing is:</b>	20 feet	5
	30 feet	3.33
	40 feet	2.5
	50 feet	2
	60 feet	1.67
	66 feet	1.52
	70 feet	1.43
	80 feet	1.25
	100 feet	1

**Minimum grade for 3" laterals should be .3 percent.**
